gender quotas are a growing worldwide phenomenon yet their variable implementation remains under researched using the prominent case study of france this book approaches quotas from the perspective of the key actors responsible for them political parties

a cross national analysis of political recruitment and candidate selection in six latin american countries argentina brazil chile colombia mexico and uruguay provides typology and theoretical insights for other countries in the region and around the world provided by

publisher

this book examines candidate selection in nine liberal democracies belgium britain france west germany ireland italy japan the netherlands and norway it describes the methods by which parties select their candidates analyses the factors which influence the form of selection used and considers the consequences of candidate selection the book concludes with an overall assessment of the role of candidate selection in the political process it questions whether proportional representation necessarily entails centralized candidate selection whether parties of the left tend to be more centralized than parties of the right and whether different types of candidate selection have distinct consequences for the behaviour of deputies

the handbook of party politics is the first book to comprehensively map the state of the art in contemporary party politics scholarship this major new work brings together the world s leading party theorists to provide an unrivalled resource on the role of parties in the pressing contemporary problems of institutional design and democratic governance today

this study investigates via an experiment how the centralization of a firm s candidate selection process and ambiguity about candidates affects the caliber of employees selected to join a business unit in a team based environment we find that when ambiguity is present incumbent employees concerns over protecting or advancing their status leads to lower quality candidates selected under a decentralized than under a centralized selection process we also find that reducing ambiguity by providing a more complete information set of non conflicting signals leads to better selection decisions regardless of whether selection is centralized or decentralized importantly our results also show that the quality of the selected candidate remains lower under a decentralized versus centralized selection process even when a more complete set of consistent candidate specific information is provided suggesting that status considerations continue to influence employee selection decisions in organizations even when candidate specific ambiguity is minimal overall our results indicate that the information environment and non pecuniary status considerations can significantly influence candidate selection decisions in organizations

this text presents a new approach to understanding political parties it sheds light on the inner dynamics of party politics and offers a comprehensive analysis of one of the most important processes any party undertakes its process of candidate selection

this book studies the challenges to conventional politics posed by new ways of selecting candidates for legislative elections the recent economic crisis had profound political consequences on politics generating an upsurge in the demand for more participative ways of decision making in politics channelled through social movements and individuals in different countries some parties have reacted by introducing changes in their internal organization via intra party democracy particularly related to the selection of candidates for public office this volume explores the trends and challenges of these new methods of selection analyses how the

internet is increasingly being used as a selection tool and evaluates some of the relevant consequences related to political representation party cohesion and party centralization among others
